STABILISATION OF UNWELL PATIENTS

S.O.U.P.

This fully interactive course specifically aims to equip ward nurses with the necessary **assessment** and **management** skills needed to **prioritise** the care of unstable ward patients. Interactive lectures, hands-on clinical workshops and the use of our 'state of the art' immersive simulation ward, allows participants to practice team-work and effective communication skills whilst reinforcing theoretical knowledge in a safe, risk free clinical environment. Individual and team-based feedback is provided to enable participants to gain valuable knowledge about leadership and clinical resource management.
